We would like to invite parents with costumes on to enjoy Halloween together from 11:20am to 12:00pm. We will send you further information about Halloween later.

### 6. Medication Request

We've sent you a Medication request form. When you need your child to take medicine at school please write the amount needed and put the request form with the medicine in a plastic bag. If you speak verbally or send a message instead of sending a Medication request form, medication may be missed or not be taken at the exact time or the amount of medication needed. Therefore, if you don't send a form we cannot give your child any medicine. This Medication form is sent only once, so please copy or print extra copies from our website(News & Notice-Information), if you need them. Thank you for your understanding and cooperation.

### 7. When children have a fever at the kindergarten we are informing parents that you need to take your children home. This is for the fast recovery of the children and to prevent infection among the other children. Please take your child home within one hour after you receive notification from the kindergarten. Thank you for your understanding and cooperation.
